

Hochstetler Buildings also  
Specializes in Pre-Engineered  
Steel Buildings

Hochstetler  
Buildings, Inc.

### Design Build

HBI is both a design and construction firm that has the capabilities, strengths and experience to tackle a project from concept through completion. HBI offers a wide range of design services for all of your building needs. Whether it's for your commercial, church, or pre-engineered metal building, HBI can help with not only the design and layout of the structure, but also with your site planning.

Established  
in 1978

# Office/Warehouse

*Offices*

*Churches*

Hochstetler Buildings, Inc. specializes in Commercial, Retail and Light Industrial Construction. We utilize post frame construction as our structural design which **Decreases Construction Cost & Increases Energy Efficiency**

*Retail Buildings*

*Renovations*

## Energy Efficiency

We are able to achieve an R-19 and higher wall Insulation rating. The wall insulation package combined with our standard R-40 ceiling insulation makes HBI's buildings the most energy efficient in the industry.
